

A Post-lithium-niobate Era for Nonlinear Optics

Cheng-Wei Qiu

National University of Singapore, Singapore

Abstract—

Cheng-Wei Qiu is Provost's Chair Professor in National University of Singapore. He is Fellow of Academy of Engineering Singapore, EM Academy, APS, Optica, COS, SPIE, ASEAN Academy of Engineering & Technology. His main research interest is in meta-surface photonics, nonlinear optics, and topological nanophotonics and thermal science.
